

List of Figures

Figure 1. Sample IMP small group activity.....	52
Figure 2. Percent scoring at each level on Test 3, an applied algebra task.....	143
Figure 3. Low ability pairs: Percent scoring at each level on Test 3, applied algebra task.	153
Figure 4. High ability pairs: Percent scoring at each level on Test 3, applied algebra task.....	155
Figure 5. Four groups: Percent scoring at each level on Test 3, applied algebra task..	158
Figure 6. Evaluating expressions.....	162
Figure 7. Simplifying expressions with integer coefficients.....	164
Figure 8. Simplifying expressions involving ratios.....	165
Figure 9. Linear equations or inequalities without context or access to graphing calculators.....	166
Figure 10. Linear equations in context.....	167
Figure 11. Quadratic equations without context or access to a graphing calculator.....	168
Figure 12. Quadratic equations in context.....	169
Figure 13. Translating the graph of a line into an equation.....	179
Figure 14. Translating graphs (non-procedural).....	185
Figure 15. Exponential function in tabular form.....	186
Figure 16. Formulating an algebraic model.....	189
Figure 17. Interpreting an algebraic model.....	192
Figure 18. Total Hours Enrolled in Mathematics Class.....	204
Figure 19. Total hours enrolled in advanced mathematics courses.....	212
